

“Wouldn't it be refreshing if during an **ASSIGNMENT** the interim provider offered **SUPPORT** in the form of a continuous **GUARANTEE** to both the client and the interim manager?”

We think so.

Introducing the Hutchinson **ASSIGNMENT SUPPORT GUARANTEE**

At Hutchinson we don't believe it's enough to immediately find the right person for your business from our hand-picked database of interviewed interim managers. We believe we should work with the client and the interim right through the assignment to ensure value for money and total satisfaction at every stage of the role. This is why, following consultation with some of our key interims and clients, we are happy to launch our Assignment Support Guarantee - a 5 point pledge of support to both sets of our customers.
